About This Game

Civilizations come and go; common men and kings they get covered by the dust of time in the same way. Monuments and wonders crumble under their own weight. But the cultural legacy is not bygone. Stories and tales about ancestors and their deeds pass through generations, the old knowledge is not lost forever. Soon, new societies, new kingdoms, new civilizations rise from the seeds of the ones which predated them. Decadence is not the end.

Will your legacy stand the test of time?

Field of Glory: Empires is a grand strategy game in which you will have to move in an intricate and living tapestry of nations and tribes, each one with their distinctive culture.

Set in Europe and in the Mediterranean Area during the Classical Age, experience what truly means to manage an Empire.

Expand your dominion through wars of conquest and make your culture a beacon of light, but be careful though. The risk of Decadence is not trivial. Many civilizations have collapsed for not having seen in time the signs of impending crisis. The older your empire, the more challenges will lurk in the shadows. Just expanding your borders without carefully shaping your form of government and culture won't be the wisest of strategies.

MANAGE YOUR EMPIRE

Manage your Empire on a scale that fits you: adjust all the details of an important region, form provinces to oversee your growing realm.

CONSTRUCT

Construct buildings to enhance your army, the life of your citizens, and the economy. Establish and grow a trade network of goods and resources.

THE BATTLE SYSTEM

The battle system is not just about who brings the larger force. Army composition and understanding the strengths and weaknesses of you and your enemy are decisive, so is choosing wisely the battlefield and the general to lead your troops.

FIELD OF GLORY II: INTEGRATION

And, if you want even more direct control, Field of Glory: Empires lets you export and load your battles into Field of Glory II and then load the results back into Field of Glory: Empires!

WEGO

War is decided not just by battles though, but also clever manoeuvres. Simultaneous (WEGO) turn resolution means thinking ahead to intercept – or to escape! – enemy armies will be essential. Field of Glory: Empires offers a living world where every decision has an impact on every actor.

MULTIPLAYER

And once you think you are ready to be challenged, play against real opponents in one of the largest asynchronous multiplayer system ever created.

Update 1.6:

Update 1.6

Size: 70.2 MB

===

Added Russian language

Started to make a Cooperative game

Fixed some bugs. **0.5.1.00 coming soon:**

This isn't the phase 3 patch, more like the phase 2 patch as it adds features and content to phase 1 and 2 of the game plus some visual and quality of life improvements which apply to all phases of the game.

space dungeon overhaul. **Small discounts list on our Games and Bundles! :**)

Hello dear players! Today we have prepared for you small list of our games, which can be purchased with a good discount!

Games with discount: **Blog #26: The Final Piece:**

The last map quarter. **[POLL] -CLOSED- Decide the next Patch of Pixel Survivors! -:**

Well guys, on our last dev meeting we've decided to include you guys a bit more into the development process. We will make polls from time to time, so you guys can decide what the next update will add to the game.

This week poll will be: "What structure should be added the next patch?"

What structure should be added to Pixel Survivors?
